Dear all,

The programme committee like to announce on our registration facility and to request some of you to register again.

I knew recently our registration facility was valid only on June and July. This means registration before May was invalid and not completed. Myself registered at the end of April or the beginning of May, thus, I could not find my name on the list!

Again, you have to complete registration not later than the end of July.

You can confirm your status of resistration at the ARSA website.

Please visit our website and confirm your status. If you cannot find your name, please take a registation procedure.

Thank you for your understanding and cooperation.

Sincerely Yours,

Koichi Ikegami

I recommend you to register again, because more information is required

than before.
